Asset Allocation page pre-populates entries from Beneficiaries

How will you distribute your assets?

Your remaining assets consist of everything other than the property and fixed sum you have already allocated in the previous steps. These may include moneys, bank and insurance policies, investments, cars, and so on. The percentage split across all beneficiaries must add up to 100%.

[? More information about assets distribution](#)

In the event any of the beneficiaries referred to here predecease you, their share shall be given to the surviving beneficiary, and if more than one, in equal shares.

Beneficiary Name	ID/Passport No.	Relationship	Share
1 asdas	512312323	Spouse	<input type="text"/> %
Total			0 %

Must add up to 100%

At the last page "Review", instead of "Save as PDF", change to Submit. Form data will then be emailed to me. Send client to a Thank you page.
